01 PROFILE

I am a Product Designer creating user-centered digital products since 2018. I independently designed the UI/UX of the RouteWise App, contributed to the design team of Akaunting (accounting software), and delivered design solutions for the Ticaret Bakanlığı Free Zones Platform, TUSAŞ Hub, ASELSAN Hub, and EntekBir Mobile projects. All of these products are live and actively in use, reflecting my focus on usability, accessibility, and functionality. In addition to UI/UX, I have also produced work in motion design, branding, and graphic design, contributing to diverse creative projects.

02 EMPLOYMENT HISTORY

Jan 2025 — Present

Istanbul
